The Errigal

Showcasing The Errigal: A Signature Build from Our Wild Atlantic Way Collection

Step into the world of U Value SIPS with our featured project, The Errigal—a stunning creation from our mount themed range, proudly part of our exclusive Wild Atlantic Way Collection. This build exemplifies our dedication to innovative, sustainable construction and reflects the unique spirit of the rugged western landscapes.

About The Errigal

The Errigal stands out as a testament to both aesthetic and technical excellence. Inspired by the iconic peaks and rolling hills of the Wild Atlantic Way, the design combines contemporary living with the timeless beauty of nature. Built using Structural Insulated Panels (SIPs), it showcases the advanced methods and environmental responsibility central to every U Value SIPs project.

Our mountain range of buildings, including The Errigal, are finished with a modern, maintenance-free look in mind. Each features a sleek black cladding, striking black windows, and a welcoming maple-clad entrance, creating a distinctive appearance that is both stylish and easy to care for. This thoughtful combination of materials ensures every home in the range not only looks striking but also stands up to the elements with minimal upkeep.

What Are SIPs?

Structural Insulated Panels (SIPs) are the cornerstone of The Errigal—high-performance components featuring an insulating foam core between two layers of oriented strand board (OSB). This modern construction technique produces structures that are strong, energy-efficient, and built to last.

SIP KIT

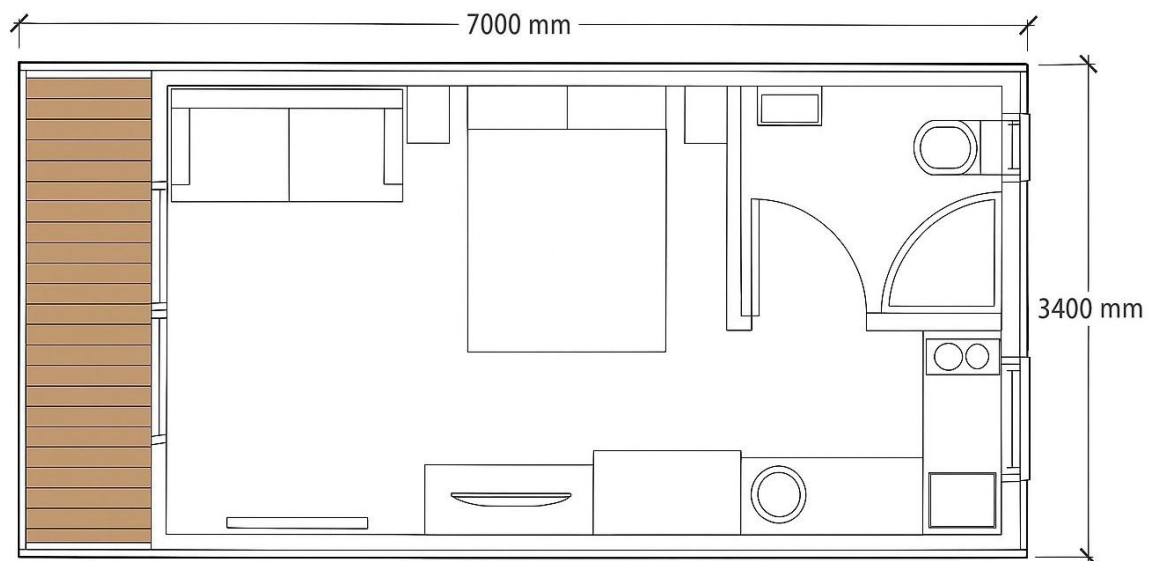

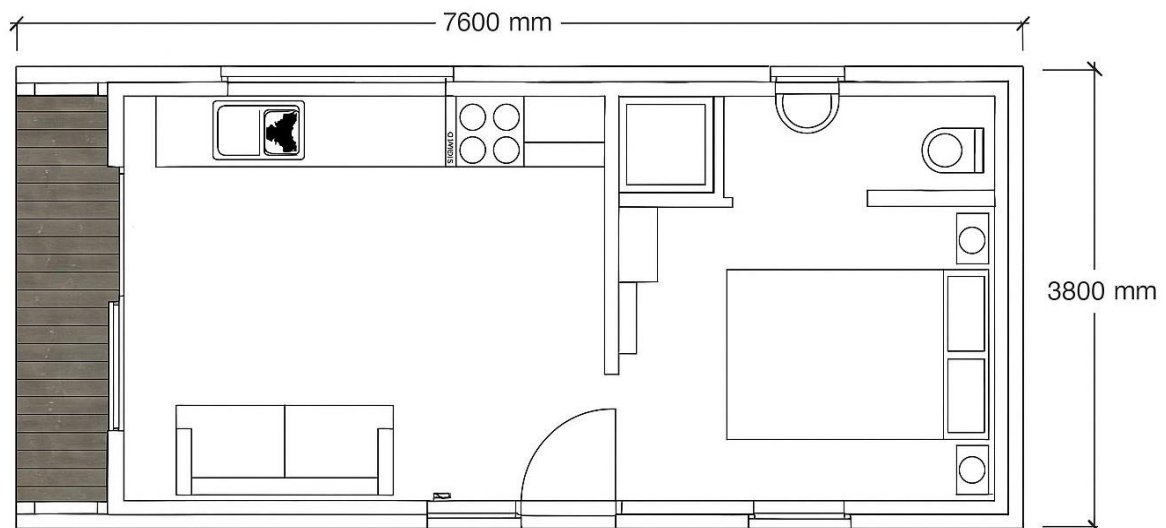

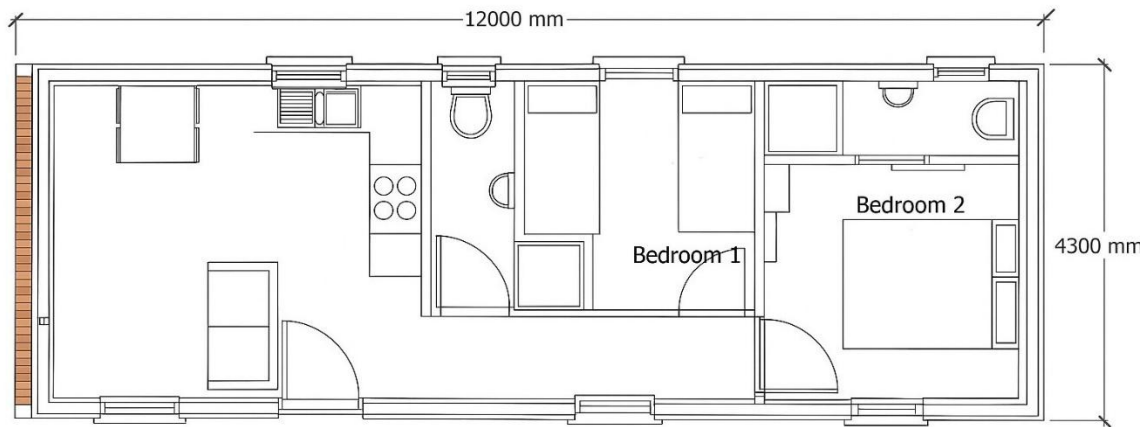

- Steel floor frame or SIP Frame
- SIP panel shell
- Joining splines and timbers
- Exterior entrance cladding to front wall Maple
- Exterior cladding to sides Black profile metal sheets
- UPVC windows
- UPVC doors
- Metal flashings in Black
- Breather membranes
- DP membrane
- Cavity battens
- Full fixing kit
- Full assembly instructions

Key Benefits Realised in The Errigal

- **Exceptional Energy Efficiency:** SIPs create a highly insulated envelope, ensuring warmth and comfort year-round while minimising energy costs.
- **Rapid Construction:** The prefabrication of SIPs allowed us to complete The Errigal swiftly and efficiently, far outpacing traditional building methods.
- **Flexible Architectural Design:** The Errigal features open-plan spaces, vaulted ceilings, and panoramic windows, all made possible by the versatility of SIPs.
- **Strength and Durability:** Engineered for resilience, The Errigal is built to withstand the diverse climates along the Wild Atlantic Way.
- **Sustainable Credentials:** The use of eco-friendly materials and efficient techniques aligns The Errigal with a greener future.

Our Services for The Errigal

- **Design Consultation:** We worked closely with our clients to craft a home that harmonises with its surroundings and maximises SIP potential.
- **Custom SIP Manufacturing:** Every panel was precision-made to the project's specifications, guaranteeing longevity and structural integrity.
- **Supply & Delivery:** Streamlined logistics ensured timely arrival and careful handling of all building components.
- **Installation:** Our expert team assembled The Errigal with meticulous attention to detail and safety.
- **Aftercare & Warranty:** Ongoing support and protection provide peace of mind for years to come.

The Errigal Experience

- **Residential Bliss:** The Errigal offers a comfortable, peaceful environment, with superior insulation making every season enjoyable.
- **Eco-Friendly Living:** Reduced energy consumption and a low carbon footprint underscore our commitment to sustainability.
- **Modern Elegance:** Clean lines, generous natural light, and innovative design—enhanced by the refined, maintenance-free exterior—define this signature home.

Discover the U Value SIPS Difference

The Errigal, part of our mount themed range in the Wild Atlantic Way Collection, is more than a building—it is a showcase of how thoughtful design and advanced SIP technology can produce beautiful, high-performance homes. Whether you envision a bespoke residence, an extension, or a commercial space, let U Value SIPS bring your vision to life with efficiency, sustainability, and style.
